I did a Google

search on "private companies use children for money" and this is a good read. :) I come from a small town in the South and had no idea that kids can be used for many different things. I feel this article will raise awareness, bring questions to mind and hopefully help people realize that this is a huge issue. I would definitely say I would be against publishing articles like this one because of this. I would definitely

feel like it is basically outing

article about himself and his life
and makes it public. 6a5afdab4c
